In addition, DFPS's reporting shall include the number and percent of staff with caseloads within, below and over the DFPS

established guideline, by office, by county, by agency (if private) and statewide. Reports will include the identification number and location of individual staff and the number of PMC children and, if any, TMC children to whom they provide case management. Upon receipt of the information, the PMC child's caseworker will review the referral history of the home and assess if there are any concerns for the child's safety or well-being, and document the same in the child's electronic case record.

Modified Orders

A. Remedies Applicable to the General Class

1. Within 60 days of the Court's Order, DFPS, in consultation with and under supervision of the Monitors, shall propose a workload study to generate reliable data regarding current caseloads and to determine how many children caseworkers are able to safely carry, for the establishment of appropriate guidelines for caseload ranges. The proposal shall include, but will not be limited to: the sampling criteria, timeframes, protocols, survey questions, pool sample, interpretation models, and the questions asked during the study. DFPS shall file this proposal with the Court within 60 days of the Court's Order, and the Court shall convene a hearing to review the proposal.

2. Within 120 days of the Court's Order, DFPS shall present the completed workload study to the Court. DFPS shall include as a feature of their workload study submission to the Court, how many cases, on average, caseworkers are able to safely carry, and the data and information upon which that determination is based, for the establishment of appropriate guidelines for caseload ranges.

3. Within 150 days of the Court's Order, DFPS shall establish internal caseload standards based on the findings of the DFPS workload study, and subject to the Court's approval. The caseload standards that DFPS will establish shall ensure a flexible method of distributing caseloads that takes into account the following non-exhaustive criteria: the complexity of the cases; travel distances; language barriers; and the experience of the caseworker. In the policy established by DFPS, caseloads for staff shall be prorated for those who are less than full-time. Additionally, caseloads for staff who spend part-time in the work described by the caseload standard and part-time in other functions shall be prorated accordingly.

4. Within 180 days of the Court's Order, DFPS shall ensure that the generally applicable, internal caseload standards that are established are utilized to serve as guidance for supervisors who are handling caseload distribution and that its hiring goals for all staff are informed by the generally applicable, internal caseload standards that are established. This order

shall be applicable to all DFPS supervisors, as well as anyone employed by private entities who is charged by DFPS to provide case management services to children in the General class.

6. Within 30 days of the Court's Order, DFPS shall ensure that caseworkers provide children with the appropriate point of contact for reporting issues relating to abuse or neglect. In complying with this order, DFPS shall ensure that children in the General Class are apprised by their primary caseworkers of the appropriate point of contact for reporting issues, and appropriate methods of contact, to report abuse and neglect. This shall include a review of the Foster Care Bill of Rights and the number for the Texas Health and Human Services Ombudsman. Upon receipt of the information, the PMC child's caseworker will review the referral history of the home and assess if there are any concerns for the child's safety or well-being and document the same in the child's electronic case record.

7. The Defendants shall immediately cease placing PMC children in placements housing more than 6 children, inclusive of all foster, biological, and adoptive children, that lack continuous 24-hour awake-night supervision. The continuous 24-hour awake-night supervision shall be designed to alleviate any unreasonable risk of serious harm. ("The 24-hour-supervision requirement is affirmed with the modification that it applies only to LFC placements, not unlicensed placements." *Stukenberg II*, 929 F.3d at 277.)

8. Within 60 days of this Court's Order, and on a quarterly basis thereafter, DFPS shall provide a detailed update and verification to the Monitors concerning the State's providing continuous 24-hour awake-night supervision in the operation of placements that house more than 6 children, inclusive of all foster, biological, and adoptive children.

B. Remedies Applicable to the Licensed Foster Care Subclass

1. Within 60 days of the Court's Order, DFPS, in consultation with and under the supervision of the Monitors, shall propose a workload study to: generate reliable data regarding current RCCL, or successor entity, investigation caseloads and to determine how much time RCCL investigators, or successor staff, need to adequately investigate allegations of child maltreatment, in order to inform the establishment of appropriate guidelines for caseload ranges; and to generate reliable data regarding current RCCL inspector, or successor staff, caseloads and to determine how much time RCCL inspectors, or successor staff, need to adequately and safely perform their prescribed duties, in order to inform the establishment of appropriate guidelines for caseload ranges. The proposal shall include, but will not be limited to: the sampling criteria, timeframes, protocols, survey questions, pool sample, interpretation models, and the questions asked during the study. DFPS shall file this proposal with the Court within 60 days of the Court's Order, and the Court shall convene a hearing to review the proposal.

2. Within 120 days of the Court's Order, DFPS shall present the completed workload study to the Court. DFPS shall include as a feature of their workload study submission to the Court, how many cases, on average, RCCL inspectors and investigators, or any successor staff, are able to safely carry, and the data and information upon which that determination is based, for the establishment of appropriate guidelines for caseload ranges.

3. Within 150 days of the Court's Order, DFPS, in consultation with the Monitors, shall establish internal guidelines for caseload ranges that RCCL investigators, or any successor staff, can safely manage based on the findings of the RCCL investigator workload study, including time spent in actual investigations. In the standard established by DFPS, caseloads for staff shall be prorated for those who are less than full-time. Additionally, caseloads for staff who spend part-time in the work described by the RCCL, or successor entity, standard and part-time in other functions shall be prorated accordingly.

4. Within 180 days of this Order, DFPS shall ensure that the internal guidelines for caseload ranges and investigative timelines are based on the determination of the caseloads RCCL investigators, or any successor staff, can safely manage are utilized to serve as guidance for supervisors who are handling caseload distribution and that these guidelines inform DFPS hiring goals for all RCCL inspectors and investigators, or successor staff.

5. Effective immediately, DFPS shall ensure that RCCL, or any successor entity, promptly communicates allegations of abuse to the child's primary caseworker. In complying with this order, DFPS shall ensure that it maintains a system to receive, screen, and assign for investigation, reports of maltreatment of children in the General Class, taking into account at all times the safety needs of children.

8. The parties shall have access, through the Monitors, to all information made available to the Monitors, subject to the existing confidentiality order in effect in this case. The Monitors may protect the identity of confidential sources of any such information.

9. The Monitors may periodically meet privately with the Court concerning issues related to this case.

10. Defendants shall deliver to the Monitors all records, reports, data and information within 30 days of the Monitors' request. The Monitors may grant extensions to due dates upon

11. The Monitors shall submit bills for their compensation and reasonable expenses to the State, as well as file these bills under seal with the Court, on a monthly basis. The Monitors shall have 15 days in which to respond and to provide the additional information and/or documentation requested, with a copy served on Plaintiffs. If within 45 days of presentation of the Monitors' bill there is still a dispute, the parties shall submit the dispute to the Court for resolution. At this time, Plaintiffs, Defendants, and the Monitors shall file a joint statement regarding the disputed payment.

12. The Monitors shall not intervene in the administrative management of either DFPS or any of its units and shall not direct the defendants or any of their subordinates to take or to refrain from taking any specific action to achieve compliance. The Monitors are not to consider matters that go beyond superintending compliance with this Court's decree.

13. If at any point the Monitor can no longer serve, the Court shall appoint another Monitor, with input and recommendations from the outgoing Monitor.

(“[W]hile we affirm the remote-access provision, we modify the injunction to require that any of the Monitors’ staff and consultants who have unrestricted, remote access to DFPS’s systems be qualified to handle the information (including screening for criminal history), be taught how to use the systems, and be given confidentiality agreements to sign.” *Stukenberg II*, 929 F.3d at 280.)

2. Defendants will immediately supply the Monitors raw data relevant to the 2015-2016 workstudy conducted by DFPS, including but not limited to: the sampling criteria, protocols, survey questions, pool sample, interpretation models, and the questions asked during the study.
